

## DAYMAP PARENT PORTAL QUICK START GUIDE

**Daymap Connect** is an extension of the Daymap *Learning Management System* which provides parents with access to key school and student information both at home and on the go. The easy-to-use system allows parents to create and manage their own accounts for Daymap Connect, requiring only one login and password per parent (with the option to provide multiple logins) to access details for all of your children enrolled in the school.

You should have recently received an e-mail asking you to reset your Daymap Parent Portal password. If you didn't, please contact the school to update your e-mail and receive the reset password email.

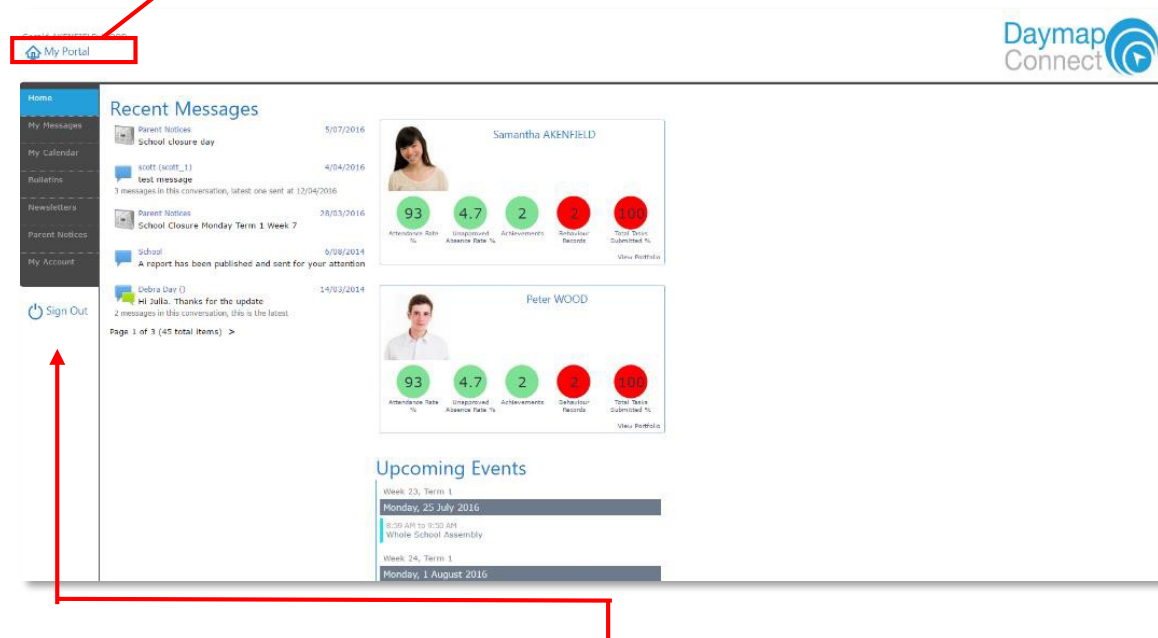

The screen above is the Daymap Connect **log in screen**. This can be found by using the URL:  
<https://daymap.gdc.sa.edu.au/DayMapConnect>

Or by clicking on the Daymap Connect icon on the School Website:

## The Home Page

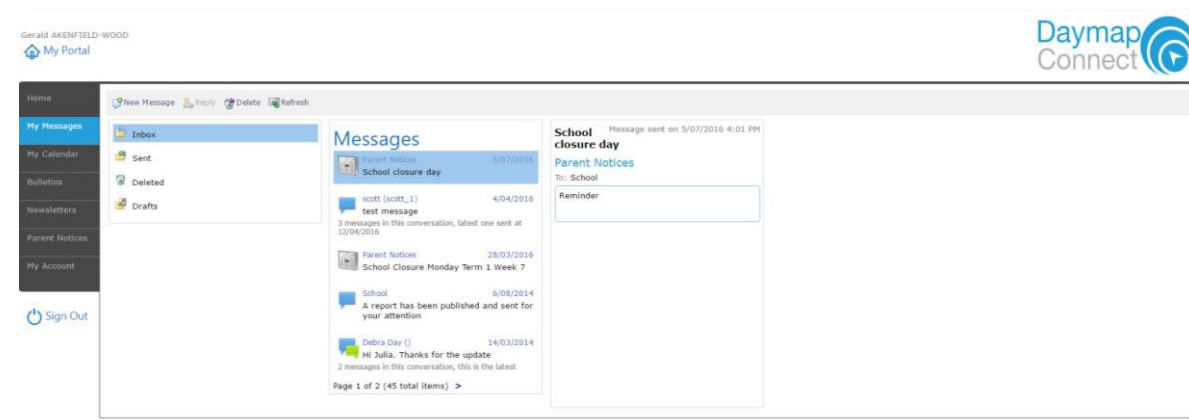

This is the main page of the Parent Portal. On this page you will see recent messages, student summaries and upcoming events. You can return to this page at any time by clicking **My Portal**.

The Parent Portal can be navigated via the vertical tabs along the left side of the window to view any parent messages, a calendar of events, bulletins, newsletters, parent notices and your current account details.

## My Messages

This tab displays the Messaging screen and enables you to easily contact teachers about any issues of importance; excursions, reminders, personal matters etc. This is a fantastic tool to keep you up to date and aware of what's happening in your child's classroom. You are able to create messages, reply to received messages and receive email notifications when you have unread Daymap messages.
