2020 Gawler & District College B-12 – Uniform Policy

The Governing Council believes that a consistent school uniform policy will create a sense of collective and individual pride in both a student's appearance and identification with their school. The uniform is designed to provide a common standard of dress which is non-competitive, is safe for a wide range of educational activities and promotes a positive image of the school with the community.

Aims of our school's dress code

- Contribute to whole school identity, unity and pride in personal appearance
- Develop individual self-esteem through a sense of belonging
- Contribute to the development of a supportive school environment and support social justice initiatives
- Develop a positive image of Gawler & District College B-12 in the wider community
- Enable staff to ensure a greater level of safety for students in the school grounds and in the community

By attending this college students are agreeing to wear school uniform, and parents/carers are agreeing to ensure that their students have access to the school uniform.
