Primary student use of mobile phones and personal devices policy

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day, students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Students who choose to bring mobile phones and or personal devices to the college must accept full responsibility for those devices. The college accepts no responsibility for loss, theft, damage or health effects resulting from device use.

Parent and Caregivers who need to contact their children during the school day can do so by contacting College Central on 8521 2400 where a message will be taken and forwarded to the student.

Storage of personal devices

Personal devices (including mobile phones and smartwatches) are to be handed to the class teacher for safe and secure storage and at the conclusion of the day, they can be collected.

If the student does not comply

If a student does not hand in the mobile device to the class teacher, the mobile device will be confiscated by leadership and parent contacted. Confiscated devices will remain in secure storage until they are returned to a parent/caregiver. Where there is a repeat of misuse or refusal to follow reasonable instruction to hand in a device when asked, we will refer to the school behaviour management policy, which may include further steps such as internal suspension or suspension.
