

# Gawler & District College B-12 Remote Learning Information

## Some helpful information on how to get started with Remote Learning 🧐

First, sign in to your laptop!

**School Dell laptops** are Windows based:

**Username** = firstname.lastname

**Password** = the password you use to log in with on school laptops/desktops

**School Lenovo Chromebooks:** Chromebooks are Google based and login is usually the same as the Dell laptops, but can sometimes be a little bit more complex.

Please check out the separate instructions named **EdPass - How to Log On** in the **Downloads** section on the Digital Learning page in the school website – see link below..

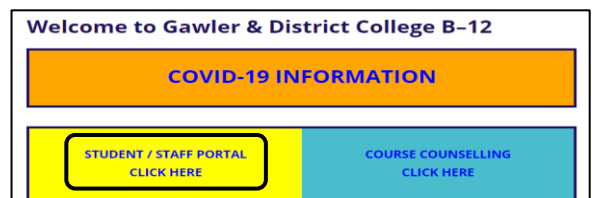

**School HP Probooks:** If you have one of these, you should have been given logon instructions with the laptop.

**Any other device** – log in as usual and follow the instructions on how to access **Daymap** and Office 365/Google apps on **EdPass** in the Downloads section on our Digital Learning page on the school website:

<https://www.gdc.sa.edu.au/our-college/student-digital-learning-portal/>

Once you have logged in successfully to your laptop, visit our website [www.gdc.sa.edu.au](http://www.gdc.sa.edu.au)

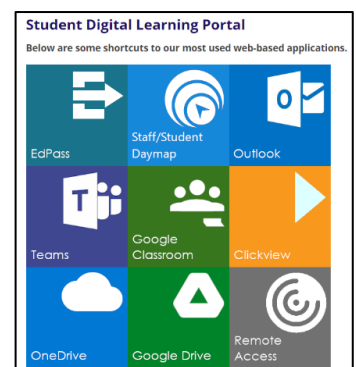

On the home page, click on the yellow link to our **Student / Staff Portal**:

This will take you to our Digital Learning Portal, where you will find links to our most used Digital Learning Applications, plus more some downloadable information.

Links to many other Digital Learning applications can be found here: <https://portal.edpass.sa.edu.au> – see separate instructions on how to log on to EdPass in the Downloads section:

<https://www.gdc.sa.edu.au/our-college/student-digital-learning-portal/>

N.B. If you have a Chromebook, when you are using the Chrome browser, you will see a little folder at the top left called **Educational**. This also gives you links to our most used applications. **EdPass** has shortcuts to most websites you need.

**Sign in to Daymap and Clickview** with your curriculum network login:  
**username** = curriculum\firstname.lastname, **password** = the one you have set at school. If you need a password reset, please use the **Contact Us** details on our website.
