Last updated 19/11/2021

Please read the ICT User Agreement Policy, which includes a section about our Bring Your Own Device (BYOD) Program and is available on our website:

<https://www.gdc.sa.edu.au/our-college/forms/agreement>

Next, please read the agreement below and complete, sign and return this form to an ICT Helpdesk Team Member in the Resource Centre. The staff member will then issue the student with instructions on how to connect to the school's BYOD Wi-Fi and Citrix VDI, offering help if needed. Access will not be allowed unless this form and also a signed copy of the current ICT User Agreement have both been received. The device will be assessed by the IT department prior to VDI access being granted.

## Agreement:

4. Personal devices shall be charged prior to bringing it to school and shall be capable of running off its own battery while at school. **The student is not allowed to charge any device at school from a power point outlet.**
5. The school reserves the right to inspect a student's personal device if there is reason to believe that the student has violated school policies, administrative procedures, school rules or has engaged in other misconduct while using their personal device. Any violation may result in disciplinary action and/or loss of access to the BYOD program.
6. The student will comply with a teachers' request to shut down the computer, close the screen, or close down any program not related to their learning.
